Flight: \_\_\_\_\_

Squadron: \_\_\_\_\_

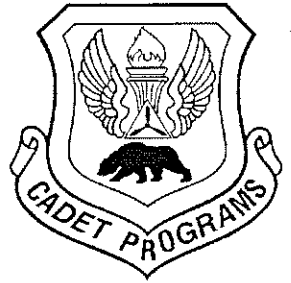

## WELCOME TO THE THE CADET TRAINING GROUP

Founded in 1975, the Cadet Training Group is a unique organization serving the cadets of California Wing. Since it's inception, 21 years ago, at Vandenberg AFB, the CTG has graduated well over 5000 cadets from its ranks to become successful leaders in the US Military, business and government. Alumni from the CTG are currently serving at all four service academies, flying missions over Bosnia, patrolling the Persian Gulf, and are deployed near the DMZ in Korea. Other CTG Alums are serving as business leaders and government officials throughout the country.

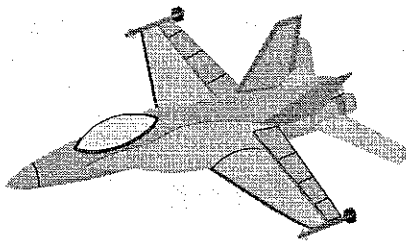

This weekbook is dedicated to the thousands of past CTG graduates who welcome you into their proud ranks. While membership in the Civil Air Patrol can be valued as one of the most substantial elements in your life, being a part of the Cadet Training Group will be especially treasured.

# ENCAMPMENT COMMANDER

MAJOR EDWARD F. LEE  
ENCAMPMENT COMMANDER

Congratulations for completing a difficult and challenging task!

The California Wing Summer Encampment Program is by far and away the finest in CAP, and you have performed with distinction. You and I both know that it has not been easy. Nothing worthwhile ever is. I promise that you will be rewarded for the hours that you have spent on the drill pad and on "*Dorm Maintenance Activities*". — although the reward may not come from the direction you think.

I charge you now with the responsibility of returning to your squadrons and teaching others some of what you have learned here; basic military skills, the value of a team, and esprit de corps. Remember however, a squadron meeting is not encampment and the measure of leadership is not loudness.

Plan to be with us again next year! I invite you to apply for cadet staff or to attend as a member of the Advanced Training Flight. *Good Luck in your CAP career!*
