# WELCOME TO THE CADET TRAINING GROUP

Founded in 1975, the Cadet Training Group is a unique organization serving the cadets of California Wing. Since its inception, 25 years ago at Vandenberg AFB, the CTG has graduated well over 5500 cadets from its ranks to become successful leaders in the United States military, business and government. Alumni from the CTG are currently at all four service academies, flying missions over Bosnia, patrolling the Persian Gulf and are deployed near the DMZ in Korea. Other CTG alums are serving as business leaders and government officials throughout the country.

This weekbook is dedicated to the thousands of past CTG graduates who welcome you into their proud ranks. While membership in the Civil Air Patrol can be valued as one of the most substantial elements in your life, being part of the Cadet Training Group will be especially treasured.

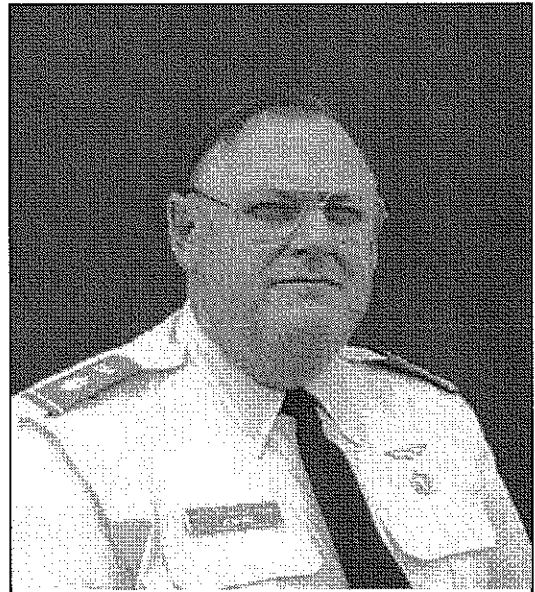

# ENCAMPMENT EXECUTIVE STAFF

Congratulations!! You have completed one of the most demanding and challenging programs California Wing and Civil Air Patrol has to offer.

The effort you put into completing encampment will pay dividends for years to come, not only in CAP, but in your endeavors outside of CAP. You have learned to manage time, follow directions, teamwork and self-discipline. These skills will benefit you the rest of your life.

Congratulations on completing encampment whether as a basic cadet, advanced cadet, or as a staff member. One week ago you entered the gates and made a *personal commitment* to succeed at a daunting task. Now you know that you can produce under pressure, stand on your own two feet, exceed as a member of a team, respond instantly and with enthusiasm to orders.

The objectives of this system are forthright, demanding, and far reaching beyond the week at hand. The goal at the end of the week is to produce a person of character, physically sound, and knowledgeable in the areas that will make them a better cadet at their home unit as well as in *life*. Encampment exists for this purpose only. A program that is traditionally tough, *not by accident but by design*, and *YOU* rose to the challenge of advancing your education and training as a cadet. This raised bar of performance, standards, and leadership will guide *you* as well as cadet no matter what task you attempt to succeed at.

The Cadet Training Group is one of the finest Cadet organizations in the Civil Air Patrol because of the qualities and dedication of its cadet members. Now your job is to continue the training that you received here that has become widely recognized as having produced some of the finest cadet leaders in the nation. You all wear the same uniform, which leaves only your leadership and capabilities as the essential elements to separate yourselves with distinction. With a new set of leadership tools in your pocket you have an exciting and rewarding cadet experience ahead of you.

**LAURA PARSONS**

Welcome to the Cadet Training Group! I congratulate all of you for meeting the challenge I set before you a week ago. Each of you has truly impressed me with your personal effort and determination, and we could not have accomplished our goals without working together. Although you may not realize it now, your experiences at Encampment will help you throughout the rest of your CAP career and beyond. You have overcome a challenge that once seemed impossible, and you can do it again. I am proud to have led you in the 1999 Cadet Training Group.

To the future of my Cadet Training Group, you made it! The standards were met, and you exceeded them in some aspects. You came here not knowing what to expect. It was rough wasn't it? But, you made it. It wasn't the easiest thing to accomplish. You overcame a lot of the mental and physical challenges, the important thing is that you did it, and the MOST important thing is that you did it together... Keep in mind, you are the newest members of my CTG. My CTG has now become our CTG.

One last thing... the only way any of you will accomplish anything that you honestly feel proud about, will be if you give it 110% all the way! Even when you want nothing more but to quit. DON't! You will never forgive yourself. You must keep pushing yourself. Stay motivated and stay hard.

# NURSE & CHAPLAIN

Paige Brown, R.N. served as the Encampment medical officer. As the resident nurse she preformed first aid on minor injuries and treated upset stomachs and headaches. Nurse Brown checked on the cadets during the day and was available for evening consultations during “blister check.” She accompanied cadets to the doctor as needed.

This year’s encampment had two resident chaplains. They arranged for religious services, supervised Moral Leadership, provided counseling and assisted in a variety of encampment related tasks. The chaplains kept track of encampment morale by talking to cadets during mess, after inspections and throughout the day.

# **WEB PAGE UPDATE**

[www.cawgcadets.org](http://www.cawgcadets.org).

Whenever possible, the activities for each day of Encampment 99 were updated at the close of the day. The intent of the Web and Public Affairs staff at Encampment 99 was to keep everyone aware of what happened as it happened during the week of Encampment. The site was visited enough to max out the 1000 connections that our server allows at one time on Friday. Because of this technical limitation the exact number of visitors was not recorded, but would be near 2000-3000 a day. Please feel free to continue the visits to our web site. Pictures of individual cadets (we tried to get every cadet) will be posted during the days following the close of Encampment 99. In addition, this entire weekbook should be placed online as soon as it can be converted to allow you to view these pictures in color. The Encampment provided an incoming email delivery that allowed visitors to send over 600 messages to cadets during the week. The web staff would like to thank the Encampment and everyone involved for allowing us to document the activities of the week.

# SPECIAL THANKS

The Encampment wishes to thank the crew at Cal Coast Fuel. Not only did they provide space in a hanger for check in, they performed maintenance and refueled our aircraft rapidly so that the planes could continue flying cadets.

The Encampment wishes to thank The SLO Tribune for the outstanding article and photos published 11 August 1999. The Encampment also wishes to thank Tony Cipolla of TV station KSBY for news coverage on both 11 and 12 August.

Civil Air Patrol encampment wishes to thank Sierra Vista Regional Medical Center Emergency Room and the Family Medical Center for their help during the 1999 summer encampment.

The encampment wishes to thank Mr. Sharond White for helping to set up the encampment intranet at the beginning of the encampment.

The encampment wishes to thank the Camp San Luis Obispo, CA Logistics office for their help. Major Turtanich, Sergeant Major Leal, Sergeant Marin, Specialist Rodriguez, and Specialist Stanfield went to great effort to make sure that the encampment was supported and received all of the logistical help needed.
