

2023 ENCAMPMENT

Teamwork, Discipline, Success

HIGHLIGHTS OF THE WEEK

- **A-course:** Cadets participated in a rigorous leadership development program, honing their skills in teamwork, problem-solving, and decision-making.
- **Orides:** Cadets experienced the thrill of flying alongside qualified CAP and Air Force pilots, gaining insights into aviation and aerospace. The O-Ride serves as an inspiring opportunity, fostering a passion for aviation and potentially shaping future aviation leaders among these cadets.
- **Volleyball Competition:** Cadet flights competed in a spirited volleyball tournament, showcasing their teamwork, athletic abilities and sportsmanship.
- **Drill Competition:** Cadets demonstrated their precision, attention to detail, and adherence to military standards. Each flight executed a 52-command sequence within a designated drill area, showcasing their discipline and dedication to excellence.
- **Blues and ABU inspections:** Every evening, cadets participated in Nightly Blues and ABU (Airman Battle Uniform) inspections. These inspections reinforced attention to detail and adherence to uniform regulations. Cadets meticulously prepared their uniforms, ensuring they were presentable and in line with the high standards set by the Civil Air Patrol and the United States Air Force.

CAMP ROBERTS HISTORY

Camp Roberts, located in Central California, has a rich and diverse history. Originally established in 1941 as an Army training facility, it played a crucial role during World War II as a training ground for soldiers before their deployment overseas. The camp was named after Brigadier General Clarence H. Roberts, a distinguished veteran of World War I. After the war, the camp served as a demobilization center for returning soldiers. Over the years, Camp Roberts transitioned between active and inactive status, with its facilities being used for various purposes, including training National Guard units and conducting military exercises. Additionally, during the Korean and Vietnam Wars, the camp played a significant role in preparing troops for combat. Today, Camp Roberts continues to be an important training site for the California National Guard and other military units, as well as hosting various law enforcement agencies and emergency response organizations for training exercises and disaster preparedness drills. Its historical significance and strategic location have solidified its place as an enduring military asset in California.

WHAT IS ENCAMPMENT?

Encampment is an intensive training program organized by the Civil Air Patrol. It is designed primarily for cadets, offering them a structured and challenging environment to develop essential leadership skills, foster aerospace education, and engage in emergency services training. Held annually, encampments provide cadets with a comprehensive experience that includes hands-on activities, physical fitness exercises, team-building exercises, and exposure to aviation-related subjects. Through encampment, cadets gain valuable life skills, discipline, and a sense of responsibility, empowering them to become capable and responsible leaders in both the organization and their communities.

PARADE COMMANDS

MARCH ON

The adjutant will start the parade by commanding
Sound Adjutants Call.

After this command, the guides will take their places
on the final line, then the Squadron Commanders
will bring their Squadrons to their respective
locations indicating the ceremony is ready to begin.

OFFICER CENTER

Officers Center is a parade tradition in which the
Cadet Training Group Commander presents all
subordinate commanders and guideon bearers to
the reviewing officer.

INSPECTION

At this time the Reviewing officers and the Cadet
Training Group Commander are moving in position
to inspect the troops.
